Subject: samples for PHILIS

Pratistha texted me that samples may be arriving 10:30 PM tonight. We will push to get the VOCs prep and on the instruments tonight, most likely. The SVOCS take a more extensive extraction Prep procedure, and I want to wait until tomorrow to do these samples. If the samples arrive much later, we'll have to pack the VOCs on ice and prep them tomorrow as well. The 2 chemists have been non-stop yesterday and today, mistakes start to happen and accumulate when people get tired. We will do our best. LPK.
